RECYCLE RIGHT

The items on this page are the only items we wish to see in your recycling bin. We can collect, process, and sell these materials day in and day out and you can feel good about it.

Placing the wrong items in the recycling bins increases the cost of the program, lowers the value of the remaining recyclables, and affects the safety of our employees.

Just because something is made of paper, metal, plastic, or glass, does not mean it is recyclable. Similarly, a recycling symbol on a product does not mean it is recyclable. In some cases, it simply means it has recycled content.

Use our App at RecycleCoach.com to determine what is recyclable. With the app you can take a picture of the item and it will tell you if it is acceptable or not. If you are unsure, please ask us at info@bra.org or 1-800-265-9799, or visit www.bra.org

Not-Acceptable Materials

Printed Paper

Wrapping Paper

Greeting Cards

Photographs

Hard Cover Books

Disposable Papers

Cartons

Paper Dinnerware

Small Items

Confetti

Plastic Lids

Metal Caps

Metal Lids

Small Bottle

Biomedical Products

Dead Animals

Fishing Lures

Shovel Head

We cannot practically list all of the items we receive every day that are not part of the recycling program. The point is that we can only recycle materials that are desirable in the marketplace to invest in them to recycle them again. You can wish that an item is recyclable when it is clearly not at this time, it will still end up in the landfill. You have the power to choose what you buy as a consumer. If you value convenience over the environment, then be prepared to pay the full price to dispose of that convenience also. Choose and consume wisely, and remember that when in doubt, leave it out...of the blue bin.
